

NEW!

UNRIVALLED.

Integrated Combi-Steamer Salvis CucinaEVO

salvis.ch

smart cooking

So simple, so individual, so perfect!

The unrivalled pull-out and rotate function makes this integrated design particularly easy to service. 90° rotation gives service engineers easy access to the interior of the Salvis CucinaEVO. So maintenance is quick and easy.

Safe to pull out

Easy to rotate

Perfect for servicing

Storage space for water treatment and cleaning agents
